    processing to "unmarried partner".

    include same-sex married couples even if the marriage was performed in a state issuing marriage certificates for same-sex couples.   Same-sex couples
    households are included in the family households category if there is at least one additional person related to the householder by birth or adoption.

    occupied; and then multiplying by 100.

9. The rental vacancy rate is the proportion of the rental inventory that is vacant "for rent". It is computed by dividing the total number of vacant units
    "for rent" by the sum of the renter-occupied units, vacant units that are "for rent", and vacant units that have been rented but not yet occupied; and then
    multiplying by 100.
