RE: County-wide mapping of Tier Designations for Senate Bill 236

Dear Mr. Gutwald:

The City of Aberdeen supports Harford County's mapping efforts for the Tier Designations to be in compliance with Senate Bill 236. We have reviewed the interactive map and concur with the Tier Designations for the properties located within the municipal boundaries and in our planned future growth areas.

We understand that a process will need to be further refined for properties that may be annexed in the future, planned for future sewer service, and are designated Tier 4. We would anticipate that as part of the Harford County Master Water and Sewer updates, the annexed areas may be considered for inclusion into the updates.

Thank you for working with the City on these matters and the mapping of the Tier Designations to be in compliance with Senate Bill 236. If you have any questions regarding the above do not hesitate to contact my office at 410-272-1600 ext. 216.

Sincerely,
