Hi all,

Thanks again for your time today to discuss the Anne Arundel County Growth Tier Map. This email is to confirm that the County has adopted the most recent version of the Growth Tier Map as part of the triennial update to the Water and Sewer Master Plan (Bill 53-22). The updated growth tiers data sent in the previous email from November 1st is identical to what is shown in Figure 1-5 on page 1-8 of the [2022 Water and Sewer Master Plan](#). I have also attached a PDF of the Growth Tier Map for MDP's website.

Please let us know if you have any other questions.

Thank you,  
Desirae
