WHEREAS, the General Plan for Howard County ("PlanHoward 2030") establishes the Planned Service Area, which is the area within which the County provides public water and sewer service; and

WHEREAS, PlanHoward 2030 also establishes the Growth Tier Maps of Howard County which maps were adopted by Howard County in fulfillment of its obligations under the Sustainable Growth and Agricultural Preservation Act of 2012 (Senate Bill 236); and

WHEREAS, PlanHoward 2030 further establishes the Designated Place Type Maps of Howard County which maps were also adopted by Howard County in fulfillment of its obligations under the Sustainable Growth and Agricultural Preservation Act of 2012 (Senate Bill 236); and

WHEREAS, PlanHoward 2030 provides that any requests for a General Plan amendment for the expansion of the Planned Service Area for water and sewer service should be denied unless the following minimum criteria are met: the proposed expansion of the Planned Service Area is part of a zoning proposal and is consistent with the General Plan and Smart Growth policies; or the proposed expansion of the Planned Service Area is intended to provide for a public or institutional use such as a religious facility, charitable or philanthropic institution, or academic school; and

WHEREAS, the proposed expansion of the Planned Service Area boundary to include approximately 61 acres of property located west of Clarksville Pike (MD Route 108) and south of Sheppard Lane, in Clarksville, Howard County, Maryland is further identified as Tax Map 34, Parcel 185 and a part of Tax Map 28, Parcel 100 (the "Property"), as shown on attached Exhibit A and Exhibit B; and

WHEREAS, the proposed expansion of the Planned Service Area is a part of a specific zoning proposal to rezone the Property from RC-DEO to CEF-M for the stated purpose of providing a continuing care retirement community ("CCRC") to consist of independent living units; assisted living; and skilled nursing care; and

WHEREAS, the establishment of a CCRC on the Property in accordance with the Petitioner’s stated purpose advances a number of stated land use policies within the General Plan and will satisfy in part a growing and well documented need for continuing care retirement communities.
within Howard County for people over the age of 62.

WHEREAS, the establishment of such a CCRC at the proposed location will afford the County’s senior population much needed additional flexibility to age in place within the County; and

WHEREAS, Chapter 6 (Growth) of the Howard County General Plan notes the following:

> [w]hereas the total U.S. population grew by 9.7% from 2000 to 2010, those entering the 45 to 64 year age cohort, the approximate ages of the baby boomers, increased by 31.5% during that time period. Baby boomers currently make up about 29% of the countywide population and are starting to move into the 65-plus age cohort.

PlanHoward, Chapter 6 (Growth), pg. 66

In addition, Chapter 6 (Growth) of the Howard County General Plan makes the following pertinent finding:

> [w]hereas the overall County population increased by 16%, those 65 and over increased by 57%. There are now 10,577 more residents 65 and over compared to ten years ago – 29,045 total in 2010 compared to 18,468 in 2000. Almost 27% of the total increase of 39,243 residents over the decade was comprised of those aged 65 and older. The very old, 85 and over, increased by 47%. This trend will continue as the baby boomers continue to age.

PlanHoward, Chapter 6 (Growth), pg. 66

Furthermore, Policy 9.4 of the Howard County General Plan aims to “expand housing options to accommodate the County’s senior population who prefer to age in place and people with special needs.” In support of that Policy Goal, the Howard County General Plan finds that the County’s housing stock should support the aging population and will need to continue General Plan 2000 policies to promote diverse senior housing for those that wish or need to downsize to more easily maintained units as they age. The policies should also continue to support seniors who choose to age in place in their own homes or in their own communities...The County also recognizes that as older residents’ ability to live independently diminishes, they often need to move to housing that provides support services. There are both
nursing and assisted living options for seniors in the County, offering a continuum of services, from acute care to congregate and group housing to in-home services. In order to accommodate the projected 19% of residents age 65 or older by 2030, the County's support of continuing care housing and services must be maintained.

PlanHoward, Chapter 9 (Housing), pp. 130-131; and

WHEREAS, the Property is adjacent to the existing boundary of the Planned Service Area and that the inclusion of the Property will continue the linear boundary of the Planned Service Area without including an intervening privately owned parcel currently not located in the Planned Service Area; and

WHEREAS, the Planning Board has reviewed and recommended approval of the proposed expansion.

Now, Therefore,

Section 1. Be It Enacted by the County Council of Howard County, Maryland that the PlanHoward 2030 policy maps identified below are amended to expand the Planned Service Area, the Growth Tier I Area, and the Growth and Revitalization Designated Place Type area to include approximately 61 acres of property located west of Clarksville Pike (Md Route 108) and south of Sheppard Lane, in Clarksville, Howard County, Maryland and further identified as Tax Map 34, Parcel 185 and a part of Tax Map 28, Parcel 100 (the "Property"), as shown on attached Exhibit A and Exhibit B. Amended Policy Maps include: Map 4-1; Map 5-1; Map 6-2; Map 6-3; and Map 8-1.

Section 2. Be It Further Enacted by the County Council of Howard County, Maryland that the provisions of this Act providing for expansion of the Planned Service Area and amendments to the Growth Tier Maps and Designated Place Types for Howard County shall be null and void and the Planned Service Area, Growth Tier Map, and Designated Place Type as it relates to this Property, shall revert to the Planned Service Area, Growth Tier, and Designated Place Type in place prior to this Act without any additional action of the County Council if:
1 (1) The Howard County Zoning Board shall fail to issue a Decision and Order approving a
Petition to Amend the Zoning Maps of Howard County to rezone the Property to CEF-M
for the stated purpose of developing a CCRC community within 3 years from the
effective date of this Act; or

(2) The connection between the Property and the public water and sewer infrastructure are
for the purpose of serving a CCRC development is not made within 10 years of the effective date of
this Act.

Section 3. Be It Further Enacted by the County Council of Howard County, Maryland that this
amendment be attached to PlanHoward 2030.

Section 4. Be It Further Enacted by the County Council of Howard County, Maryland that if
any provision of this Act or the application thereof to any person or circumstance is held invalid
for any reason in a court of competent jurisdiction, the invalidity shall not affect other provisions
or any other application of this Act which can be given effect without the invalid provisions or
application, and for this purpose the provisions of this Act are severable.

Section 5. Be It Further Enacted by the County Council of Howard County, Maryland that this
Act shall become effective 61 days after its enactment.
