RESOLUTION 2013-01

A Resolution to adopt Sudlersville Tier Map

WHEREAS, in order to comply with SB 236 – the Sustainable Growth and Agricultural Preservation Act of 2012 (AKA the Septics Bill) the Town of Sudlersville must adopt a Tier Map. The Sustainable Growth and Agricultural Preservation Act of 2012 limits the spread of septic systems on large-lot residential development to reduce the last unchecked major source of nitrogen pollution into Chesapeake Bay and other waterways. By mapping future growth in "tiers," the law seeks greater accountability and predictability.

WHEREAS, the Commissioners of Sudlersville have received a proposed Tier Map as recommended by SB 236.

WHEREAS, the Commission is required to adopt the Tier Map.

NOW, THEREFORE BE IT RESOLVED, on this 6th day of February, 2013 to adopt the proposed Tier Map effective the 6th day of February, 2013 as stipulated in the Town Charter.
