### **Maryland Department of Planning to Hold Listening Session in Dorchester County to Discuss *A Better Maryland* Development Plan**

*Citizens Encouraged to Attend Tuesday, March 6 Evening Meeting*

**(March 2, 2018)** Baltimore, MD – The Maryland Department of Planning (Planning) is currently engaging local officials, staff, and residents in the new state development planning process, *A Better Maryland*.

**Planning will host a listening session on Tuesday evening at 7:00 p.m. at the Dorchester County Central Library, located at 303 Gay Street in Cambridge.** Planning kicked off the statewide listening session outreach last fall.

**Tuesday, March 6  
Dorchester County Listening Session  
Dorchester County Central Library  
7:00 p.m.  
[303 Gay Street, Cambridge](#)**

The purpose of the outreach and overall statewide dialogue is to connect with stakeholders and solicit feedback about the plan and how it can help local governments and state agencies better meet local planning needs.

“Governor Hogan signed an Executive Order in August 2017, providing a great opportunity for all of us to work together on a new state development plan,” said Special Secretary of Smart Growth Wendi Peters. “The feedback we are receiving from citizens, local governments and other stakeholders is providing valuable insight and information for A Better Maryland.”

At the listening sessions, attendees view a short presentation and interact with planning staff and other stakeholders using an instant polling exercise and discussion questions.

The overall effort consists of a series of 24 outreach events in every Maryland county and Baltimore City through spring 2018.

"We appreciate the feedback and we encourage both in-person and online participation as we continue to meet with additional jurisdictions over these next few months," said Acting Secretary of Planning Rob McCord. "Each meeting brings a unique local perspective and we look forward to hearing from Marylanders across the State."

As part of this initiative, the [ABetter.Maryland.gov](http://ABetter.Maryland.gov) website was launched, where stakeholders can review the project purpose and methodology, find out about upcoming listening sessions, read summaries of session input, and complete a [survey](#) to participate in the *A Better Maryland* plan.

The survey remains open throughout this spring and is an excellent way for citizens to become involved if they cannot attend a listening session or they prefer to provide an online comment. The outreach is designed to provide convenient and frequent access to make engagement meaningful and consistent.

The next listening sessions include Baltimore City on March 7 and Frederick County on March 13.

For additional information, including meeting times and locations, please visit [abetter.maryland.gov](http://abetter.maryland.gov). The website also includes notes and discussions from the prior listening sessions.

*A Better Maryland* is a two-year project initiated by [Governor Hogan's Executive Order 01.01.2017.18](#) in July 2017, with an anticipated completion date in July 2019. Planning is working closely with the public, local governments, state agencies and other stakeholders, the [Maryland Sustainable Growth Commission](#), the [Maryland Municipal League](#), and the [Maryland Association of Counties](#) to develop and maintain a productive dialogue throughout the effort.

For questions about *A Better Maryland* or to find out when Planning is visiting your community, please contact Chuck Boyd, Director of Planning Coordination, ([chuck.boyd@maryland.gov](mailto:chuck.boyd@maryland.gov)) at 410-767-1401.
