

Concentrating Growth Workgroup

To: Jon Laria, Chair, Maryland Sustainable Growth Commission & Commissioners

From: Derick Berlage, Chairman, Concentrating Growth Workgroup

Subj: Status Report on Concentrating Growth Workgroup Activities

Date: July 27, 2015

The Workgroup continued work on the “Status Check” project, which has been renamed “Sustainable Growth and Conservation Indicators – Status Check & Measuring Progress.” The document was reviewed at the last Commission meeting. Commissioner comments were subsequently incorporated into a revised document. The revised document was then circulated electronically to all Commission members. From the Workgroup’s perspective, the document is now final. It has been referred to senior MDP staff for the purpose of crafting an effective public release strategy.
