<sup>1</sup>MHI = Median Household Income

<sup>2</sup>MOE = Margin of Error at the 90 percent confidence interval

\*\*\* indicates that either no sample observations or too few sample observations were available to compute a standard error & margin of error.

\*\*\*\* indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.

Note: Census-Designated Places (CDP) are identified by local governments. Thus, the number of CDPs may increase from those in 2010 to 2020.
