The Maryland Department of Planning appreciates the cooperation of the State and local government agencies represented on the Maryland State Geographic Information Committee (MSGIC). Specifically, we thank the State Department of Assessments and Taxation for their assistance in providing the Parcel, Computer Assisted Mass Appraisal (CAMA) and Sale dataset downloads and the preparatory subdivision plats and deed descriptions for updating the property maps. We also wish to thank the Maryland Department of Transportation for their on-going permission to distribute image and vector products derived from county highway and grid maps. Finally, we wish to thank the Maryland Department of Information Technology (DoIT) for their support of Maryland's Open Data Initiative.
