Re: Development Tier Map  
City of Westminster, Maryland

Secretary Hall:

I am writing to confirm that the City of Westminster has administratively approved the referenced Development Tier Map, pursuant to the requirements contained in SB236.

The enclosed map, approved by the City of Westminster after review by City and Maryland Department of Planning (MDP) staff, reflects the incorporated land currently served by the City's sewerage system (Tier I), incorporated land within the sewerage service area but not currently served (Tier II), and those incorporated and unincorporated properties previously identified in the City's Municipal Growth Element (MGE) intended to be served by the City's sewerage system in the future but not presently located within a sewerage service category (Tier IIA).

I trust this letter and enclosed map will satisfy the approval requirements and that you will find the City to be in compliance with the timeframes prescribed by SB236.

Thank you for your attention to this matter, and please contact Mr. Steve Horn at 410-751-5505 should you have any questions or require any further assistance.

Sincerely,

Marge Wolf, City Administrator
