<sup>1</sup> Pursuant to Maryland law (the No Representation Without Population Act of 2010 – SB 400/HB496 – passed in 2010), Maryland census data must be adjusted for purposes of creating congressional, state legislative, and local districting plans. Generally, the law requires that the census data must be adjusted to reassign Maryland residents in correctional institutions to their last known address and to exclude out-of-state residents in correctional institutions from redistricting.
