RE: City of Annapolis Growth Tier Map

Dear Mr. <sup>Rich</sup> Josephson:

This correspondence and the enclosed map responds to the requirements set forth by the Sustainable Growth and Agricultural Preservation Act of 2012 (SB 236). With this submission, the City has met the December 31, 2012 deadline for responses by local jurisdictions. The MDP Implementation Guidance document dated May 22, 2012 informed the preparation of this material.

The City of Annapolis administratively adopts the attached Growth Tier Map in accordance with SB 236. The map delineates:

- Tier I – Areas currently served by public sewerage systems (4499 acres )
- Tier II – Areas planned to be served by public sewerage systems (249 acres)
- Planned “Growth Areas” as identified in the Municipal Growth Element (MGE) of the Annapolis Comprehensive Plan (131 acres).
- No Tier III or Tier IV areas are within the municipal boundary.

As required by Senate Bill 236, this map will be incorporated in the next six-year review of the Comprehensive Plan.

Please do not hesitate to contact me with questions.

Sincerely,

Jon Arason, AICP  
Planning Director
