* Totals for Regions represent total net migration for the particular region of the U.S. with Maryland, NOT just the sum of those states shown. The intra-U.S. is the sum of regional totals.

Because of a change in methodology, 2012 and later data is not comparable to prior years.

Prepared by the Maryland Department of Planning, Planning Data Services, based on summary data prepared by the Internal Revenue Service (IRS) using the IRS individual Master File (IMF) of all 1040, 1040A, 1040EZ, 1040NR, 1040PR, 1040VI, 1040SS returns, April 2016
