Note: The April 1, 2000 estimates base reflects changes to the Census 2000 population resulting from legal boundary updates as of January 1, 2008, other geographic program changes, and the Count Question Resolution program. All geographic boundaries for the July 1, 2008 population estimates series are defined as of January 1, 2008. The Office of Management and Budget's statistical area definitions for combined statistical areas are those issued by that agency in November 2007.

The metropolitan statistical area population estimates are based upon the county estimates. The county estimates methodology is available at:
